

2014 Women’s Contraceptive Drugs and Devices List

Aetna Student HealthSM Plans

Nongrandfathered plans effective or renewing on or after August 1, 2012, and subject to the Affordable Care Act, also known as the health care reform law, will comply with requirements for women’s preventive health services. This means that for women with reproductive capacity, certain women’s contraceptive drugs and devices approved by the U.S. Food and Drug Administration (FDA) are covered at no member cost share.

Certain religious organizations or religious employers may be exempt from offering contraceptive services. If these requirements apply to your plan, consult your plan documents for more information.

The following list of contraceptive drugs and devices are available with no member cost share when prescribed by a doctor and obtained through Aetna’s network. Quantity limits may also apply.
