___________________________________________________________________________________________

JSC Response (The JSC will review and respond to the matter at the next JSC meeting): __________________________

___________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

___________________________________________________________________________________________

**Immediate and Dangerous Working Conditions**

1. This form **should not** be used to report immediate and dangerous working conditions. If a dangerous working condition exists that requires immediate corrective action, the employee shall notify his/her supervisor at once. If the situation involves serious injury and/or the need for rescue, fire, or other emergency response, call 9-1-1 immediately.

2. The supervisor shall take immediate action to correct or minimize the hazard to a reasonable standard of safety. The supervisor shall notify the dean or director of the supervisor.

3. If corrective action is not taken immediately by the supervisor, or the action taken does not minimize the hazard to a reasonable standard of safety, the employee shall notify Environmental Health & Safety (EH&S).

4. EH&S will document the report of a dangerous working condition and designate the appropriate individual to go to the scene immediately, evaluate the situation, make a judgment, and document and communicate the decision on appropriate action to the employee, the supervisor, and the dean or director. EH&S will inform the Joint Safety Committee (JSC) at the next regularly scheduled JSC meeting of the report of a dangerous working condition and the decision of EH&S regarding appropriate action taken.

5. The JSC will review the information related to the dangerous working condition and determine whether the situation has been satisfactorily resolved or if additional investigation and actions are necessary. If the JSC determines that additional investigation is needed, then it will decide what actions are to be taken to reach a consensus at the following regularly scheduled JSC meeting.
