**Some products & services require a letter from a physician stating the condition which requires such expenses. These expenses will not qualify without a letter of medical necessity.*

For those participating in both the Limited Tax Saver Benefit Health Account and the HDHP & HSA plan, only dental and vision services are eligible for reimbursement from the Limited Tax Saver Benefit Health Account until such time as the HDHP deductible has been met. Medical and prescription expenses incurred after the HDHP deductible is met are eligible for reimbursement from the Limited Tax Saver Benefit Health Account.

Post deductible expenses will need to be submitted via the website, fax, mail or email. Debit card usage for medical expenses will pull directly from HSA.
