Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$500/person or \$1,000/family for In- Network Providers . \$750/person or \$2,250/family for Non- Network Providers .	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care for In- Network Providers . Dental and Vision for In- Network Providers .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	\$3,000/person or \$6,000/family for In- Network Providers . \$3,000/person or \$6,000/family for Non- Network Providers .	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , balance-billing charges, and health care this plan doesn't cover Non- Network Transplants	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes, Blue Access. See https://www.anthem.com/health-insurance/provider-directory/searchcriteria?planstate=IN&plantype=NETWORK&planname=Blue+Access or	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an Out-of-Network Provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an Out-of-Network Provider for some services (such as lab work). Check with your provider before you get

	call (844) 412-0752 for a list of network providers . Costs may vary by site of service and how the provider bills.	services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral .
