ROAD TO RETIREMENT
Commercial Medigap Plans
Compared to IU Blue Retiree Plan

- Sold by private insurance companies
- Plans are standardized, and in most cases named by letters (Plan A – N)
- As of January 1, 2020, Medigap plans sold to people new to Medicare can no longer cover the Part B deductible (IU Blue Retiree Plan does)
- Costs and availability vary by state
- Premiums can be affected by your age, gender, zip code, tobacco use
  - “Introductory” discount premium
  - After your Special Enrollment Period, you can be denied coverage, have coverage delayed, or have the premium based on health factors.
Retiree Medical Plan Options

Age 65 & Up – Medicare Advantage (Part C) Plans
Medicare Advantage (Part C) Plans
Alternative to Original Medicare

- Alternative to Original Medicare (Parts A & B), many also include Part D
- Lower premiums
- Higher out-of-pocket costs for services (copays for office visits, each day in the hospital, prescriptions, etc.)
- IU does not offer a Medicare Advantage plan and the IU Blue Retiree Plan does not pair with Medicare Advantage plans.
