

Creditable Coverage Notice

Important notice from Indiana University about your prescription drug coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Indiana University (IU) and about your options under Medicare. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered and at what cost, with the plans offering Medicare prescription drug coverage in your area. At the end of this notice is information about where you can get help to make those decisions.

Important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage is available to everyone with Medicare through Medicare Part D plans or Medicare Advantage (Part C) plans that offer prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Indiana University has determined that the prescription drug coverage offered by the Anthem PPO \$500 Deductible, Anthem PPO HDHP, and Anthem IU Resident PPO plans are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and are considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a penalty if you later decide to join a Medicare drug plan.
3. COBRA participants who are under age 65 should be aware that COBRA coverage will end at age 65. At age 65, there is an initial Medicare enrollment period, beginning three months prior to age 65 and ending three months after age 65. If you do not enroll in Medicare during this period, you may pay a higher premium as long as you have Medicare prescription drug coverage.
4. COBRA participants that are already age 65 should be aware that there is no special Medicare enrollment period at the end of COBRA coverage. If you do not enroll in Medicare prescription drug coverage between October 15 and December 7 you will have to wait until the next annual enrollment to join—between October 15 and December 7—and your coverage will not begin until January 1. If this delay results in more than a 63 day lapse of coverage, you will have to pay a higher premium as long as you have Medicare prescription drug coverage.

You should compare your current coverage, including which drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area.

If you decide to enroll in a Medicare prescription drug plan and drop your Indiana University coverage, be aware that you and your dependents may not be able to get this coverage back.

Please contact us for more information about what happens to your coverage if you enroll in a Medicare prescription drug plan.

At age 65 you are eligible to enroll in the medical plan that IU sponsors for Medicare-eligible retirees; however this plan does not include prescription drug coverage. If you enroll in this plan at age 65, you will also need to make a decision about your prescription drug coverage.

You should also know that if you drop or lose your Indiana University sponsored medical plan coverage with Indiana University and go 63 days or longer without prescription drug coverage that is at least as good as Medicare's prescription drug coverage, your monthly premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go nineteen months without coverage, your premium will always be at least 19% higher than what many other people pay. You'll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to enroll.

For more information about this notice or your current prescription drug coverage:

Contact our office for further information (812) 856-1234. NOTE: You will receive this notice annually and at other times in the future such as before the next period you can enroll in Medicare prescription drug coverage, and if this coverage through Anthem changes. You also may request a copy.

For more information about your options under Medicare prescription drug coverage:

More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook from Medicare. This handbook is typically mailed every year from Medicare. You may also be contacted directly by Medicare-approved prescription drug plans. For more information about Medicare prescription drug plans:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see your copy of the Medicare & You handbook for their telephone number) for personalized help,
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

For people with limited income and resources, extra help paying for Medicare prescription drug coverage is available. Information about this extra help is available from the Social Security Administration (SSA) online at www.socialsecurity.gov, or you may call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember to keep this Creditable Coverage notice. If you enroll in a Medicare prescription drug plan, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).
